

## WHY IS IT IMPORTANT TO BE PREPARED FOR SCHOOL

We wanted to voice over our views on the importance of being prepared with your technology before starting back at school.

# How can we get you what you want in time.

We want to offer all new and existing customers our new deals that we have for kids going back to school, that are both practical and affordable, we want it to be as easy as possible with very little time spent setting up and linking everything across we want to offer quality and professionalism as well as cater what we can to your needs.

For just under £500 we would like to offer a bundle that consists of a phone laptop and bag as well as a surprise goodie for an extra £10.

We would want to make going back to school easier but we want to also make it easier for students going back to university as well.

**TIPS FOR WHAT YOU  
SHOULD BUY**

# WHAT SHOULD YOU BUY AND WHY?

IT ISN'T ALWAYS HARD  
TO FIND WHAT YOU  
WANT BUT WE CAN  
MAKE THAT EASIER.

We regularly post on our blog so for any more information you can visit us and see what we have to suggest and what we offer and what we can get for you. This is all based off our very well informed recommendations

## DON'T KNOW WHERE TO START? WE'RE HERE FOR YOU

We can help you make those hard decisions and we know that money can always play a difficult factor in the decision making so let us help.
